

WORKPLACE GIVING

WITH SHAKE IT UP AUSTRALIA

WHAT IS IT?

Workplace giving is when employees make **small, regular donations from their pre-tax pay**.

It's simple, low cost and extremely effective.

You can also boost the impact of your Workplace Giving program through:

- donation matching fundraising
- volunteering
- skill sharing
- in-kind support

All current payroll systems or accounting software can facilitate workplace giving. The set-up process is straightforward – similar to a SMSF or health fund.

GET INVOLVED WITH SHAKE IT UP

As our valued corporate sponsor, Shake It Up would like to partner with you in your Workplace Giving program, if you have one, or help you to set up a Workplace Giving program for your employees, so we can continue to work towards a future without Parkinson's.

BENEFITS FOR EMPLOYEES

- Employees don't pay tax on their donation and do not have to claim it on a tax return at the end of the financial year. The company will record the annual donation amount on a PAYG Payment Summary (Group Certificate) at the end of the year.
- Because the donation is made each pay, you only have to make one decision about how much to give.

BENEFITS FOR EMPLOYERS

- Workplace giving engages your employees, has a positive impact on the community, and improves business performance.
- A successful program will bring your organisation's values and culture to life – helping your staff find a greater sense of purpose at work, and get involved with activities that develop pride, foster teamwork, enhance motivation and create social change.
